

# CUSTOMISED REPORTING

## reporting solution tailored to your program

### Collective Impact and Client Outcomes reports

CommunityCI delivers out-of-the-box and tailored reports backed up by CommunityBI data visualisation services.

Collective Impact reports delivers program wide and organisation specific ‘How Much’, ‘How Well’ and ‘Better Off’ insights where Client Outcomes reports assist counsellors to view client progress towards their goals. Talk to us about your reporting needs...

The image displays four screenshots of the CommunityCI reporting interface, each showing a different report with various data visualizations and filters.
